Project at Sonivy Technology Limited

QuantDART
https://apps.apple.com/hk/app/quantdart-%E6%95%B8%E5%AD%97%E8%B3%87%E7%94%A2/id1522245431

QuantDART is a simple yet powerful digital asset investment and management app, fully capable to trade with most popular Digital Asset-to-Digital Asset and Fiat-to-Digital-Asset. We offer QuantDART as an all-in-one platform for cryptocurrency. We are the first global digital assets investment management platform licensed to operate by Astana International Finance Centre (AIFC), which sets the standard for our core policies globally. Our experts believe in leveraging the power of secure blockchain technology and offer users with potential to manage and trade easily in real-time. With QuantDART feel the true potential of financial freedom. Excited? Build your crypto portfolio now.
